## **Resolution 1**

Presented by LUF from Sweden

### **Considering:**

- Non-democratic states and totalitarian regimes uphold their power and are able to suppress their people partly because of their easy access to weapons that they obtain from international export. Stresses that:
- Limiting non-democratic states' access to weapons could aid the work for human rights around the world.
- Limiting non-democratic states' access to weapons could aid the process of democratization across the world.

### **Calls upon IFLRY and its member organizations to:**

- Condemn weapon export to non-democratic states that does not respect human rights.
- Advocate for the control of exports of military equipment to be improved by working to develop and maintain UN arms trade agreement.
- Advocate for the arms embargo to include nations with failing Human Rights Record
