

**Motivation Letter: Auditor of the International Federation of Liberal Youth**

Dear Liberal Friends:

My name is Rafał Szkudlarek, and I have decided to put my name forward for the IFLRY Auditor position at the upcoming IFLRY General Assembly in Istanbul, Turkey on Sunday 17th of April. With this motivation letter, I want to give you a better picture of who I am and what I stand for.

I was born in Lodz, Poland in 1982. I studied Applied Mathematics, Business Intelligence and Database Systems, at the Technical University of Lodz and Warsaw School of Economics respectively, and subsequently received a master's degree in Financial and Insurance Mathematics. Professionally, I work as a business analyst in the comptrollers department in Neckermann Poland (Thomas Cook Group). Since 2005 I have been active in several Polish liberal youth organization: including Young Centre, Project: Poland and Democratic Party, as well as internationally in LYMEC and IFLRY.

In addition, in 2007, together with four friends I created Foundation Industrial: [liberte.pl](http://liberte.pl), [liberteworld.com](http://liberteworld.com) and the [4liberty.eu](http://4liberty.eu) publisher, a member of ELF and owner of the „6th district,” club. And thereafter I have become a board member of this institution, focusing on financial matters.

I have been very active in IFLRY since 2012. I have had a number of opportunities to participate in seminars both as a participant and as a trainer. From 2014 I have been a team member in Liberal Belarus and Ukraine Programmes. In January 2014, I was the local liaison and lead for the IFLRY GA, Seminar and Conference in Krakow, Poland and was responsible for most organizational aspects of the event.

These last few years of my activities in IFLRY have led me to get to know this organization very well. I've had the opportunity to meet wonderful people from all over the world, and together with them learn a lot through seminars but also share knowledge with others. With some of these contacts we regularly engaged in cooperation at the MO level. Each event has been very productive work and has given me the motivation for new ideas and activities.

I have decided to run for the Auditor position in IFLRY to use my financial literacy skills more fully and contribute to the NGO sector in best possible way. My strong suits that qualify me are as follows: analytical skills, project and process management, and experience in creating and managing NGO organisations. I think the next few years will be crucial for IFLRY as an organization and I'm ready to help next bureau in that time.

I'm counting on your support during this upcoming GA and promise to work to the utmost of my abilities if elected.

Thank you again and I'm looking forward to meeting you in Istanbul.

Rafał Szkudlarek
