Nomination of Gyulfie Arnaudova for IFLRY Vice-President

Sofia, March 2016

Dear liberal friends,

The Bulgarian liberal youth organisation, Youth Movement for Rights and Freedoms (Youth MRF) would like to put forward a nomination of Gyulfie Arnaudova for Vice-President for the elections taking place on IFLRY General Assembly in Istanbul (Turkey) in April 2016.

Gyulfie Arnaudova, long-standing member of the International Committee of Youth MRF is working in the field of Youth and International politics since 2011. Back then she started her political career as NGO activist in the field of Human rights protection, managing teams and campaigns as Chairman of NGO "Alternative Europe" and Vice-Chairman of "Youth Tolerance" Foundation. For the past 5 years she has actively participated in various international seminars, academies, round tables and also organised many more.

Gyulfie is experienced in international events, taking part in a series of ISEEL, LYMEC, IFLRY and bilateral events including EYF events as well as Bulgarian Youth Forum events. She has showed continuous interest in the field of Human Right protection, promotion of liberal values among young people and spare no time and efforts, if she has an opportunity to convince someone in her ideas.

We believe that Gyulfie is capable and experienced enough for the position of IFLRY vice-president and she will contribute to the future development of IFLRY. We strongly support her nomination and invite all IFLRY Member organisations to support our candidate.

Sincerely,

Ilhan Kyuchyuk
Youth MRF President
