

To the General Assembly of the IFLRY,
as gathered in Istanbul, Turkey, 14-17 April 2016

Oslo, 9 March 2016

Dear all,

We, on behalf of Young Liberals of Norway (NUV), are proud to nominate Tone Bjørndal as our candidate to the position of Secretary General to the IFLRY Bureau.

Tone Bjørndal is a long-standing member of NUV. Throughout her time as a member she has shown herself to be a positive, knowledgeable and resourceful addition to our organization. She has held various positions within the party, such as in the leadership of her local branch and the NUV Executive Board. Perhaps most notable is her former position as Chair of the Committee on Climate and Environmental policy.

On the international level we are pleased to see how Tone has established herself as a significant figure, especially in the political field of climate change and the environment. In recent years her position as manager for IFLRYs Climate Change programme has taken up a considerable amount of her time. Even with limited spare time, we are delighted to see how she always makes sure to bring her experiences back home to share her knowledge with members of NUV.

When Tone expressed her desire to run for Secretary General of IFLRY, we did not hesitate to support her candidacy. Tone is the perfect fit for this position, and our organization gives her full support as she continues her liberal journey.

If there are any further questions concerning Tone Bjørndal's candidacy, do not hesitate to contact any of the signatories.

With liberal regards,

Tord Hustveit
President of NUV
