

Friends of liberty,

It is with great pleasure we wish to announce our nomination of **Anders Rehnberg** for the position of IFLRY Vice President.

For most of us it is clear that liberal values are threatened around the world today; voices for liberty are increasingly silenced. To counteract this trend it is necessary for liberal organisations to come together across borders. IFLRY has an important role to play.

This is why Anders is the perfect candidate for the position of vice president. During his involvement in the Liberal Youth of Sweden he has proven an excellent politician and organiser. It is with unwavering resolve and precision Anders manages to explain and dissect international issues out of a liberal perspective. With both experience from living abroad and being engaged in programmes such as the IFLRY Free Trade Programme and The Foreign Academy at Stockholm Free World Forum this is however not surprising.

Anders deep understanding of world politics and liberalism is essential for the position of Vice President, but is not his most important quality. Apart from being a skilled politician he has also proven an adept organiser. Anders is a productive teamplayer that knows how to efficiently coordinate an organisation. One of his main objectives is to create more channels between the member organisations and IFLRY as well as with other liberal organisations. It is our firm belief that Anders has both the tools and volition to make this a reality.

Considering the regression of liberal values, and the need for a strong IFLRY to counteract this development, our recommendation can be no other than to endorse Anders for the position of Vice President.

Yours sincerely,
