

The Climate Change Programme for the International Federation of Liberal Youth is looking for new members to join the team to help combat climate change!

Building on the successes in the past years of the Programme and with the Paris Agreement, team members will have the opportunity to participate in planning the next steps, including representing the Programme at future conferences in Marrakech and Bonn.

Only applicants who demonstrate a passion for environmental and climate change policy, and proven leadership experience within the field of climate change will be successful.

Additional skills that should be highlighted:

- Communications and Graphic Design
- Community Organizing
- Event Management
- Social Media
- Stakeholder Engagement

Successful team members will be required to hold at least one Programme related event in their home country with their Member Organization.

Please fill out the [online Google application form](#), and send your CV, along with any additional materials including portfolios of previous work to Justin Kaiser, Programme Manager, at Justin.Kaiser@iflry.org.

Thank you!
