Concerning: APPLICATION FOR OBSERVER MEMBERSHIP IFLRY

Dear Sir/Madam

The Young independents of Ghana wish to apply for the membership of IFLRY.

we came across IFLRY, when learning more about liberal values on the internet. YIG want to offer the IFLRY insight in Ghanaian and west african culture; we desire to work on iflry's global goal in Ghana.

we want to learn from other organization how to become more independent, how to launch creative campaigns; join global advocacy; etc,

Our wish, to become a part of IFLRY, is further Strengthened because we share our most important principles: "Everybody is equal in freedom, independent of ethnicity, gender, heritage, culture, religions or sexual orientation. It is our common goal to defend the freedom of the individual where it is challenged, where it has been lost, we aim to reinstitute it "

We hope our observer membership will be accepted, we looking forward to hear from your respected organization soon.

With my best, and liberal regards,

Clement Boadi (President, YIG)
