

Motivational letter IFLRY auditor Marit van der Pol

30 April 2017

Dear liberal friends,

With this letter, I wish to express my interest in being re-elected as IFLRY auditor.

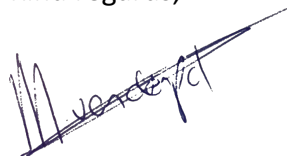

I have been involved in international politics since 2013 and since the General Assembly in Krakow in January 2014 I have been involved in IFLRY by participating in seminars and by being a JOVD delegate to the General Assemblies. Within JOVD, I have been one of the people who have actively supported IFLRY, because I truly believe in this organisation. Of course, there is still room for improvement and I would love to help IFLRY in any way I can to accomplish these improvements.

I believe I am a perfect candidate for the position of IFLRY auditor. I can be extremely critical and I am not afraid to speak my mind. Two personality traits that are very important for an auditor. In my daily life, I am a small business owner and handle all finances myself. Next to that I am a (business) economics and mathematics teacher in Dutch high schools. Therefore, I believe I have plenty of financial experience.

During the Easter weekend, I travelled to London to perform my first audit together with Christian Holm. You can read all our findings in the audit report, but I would like to mention the hard work of the office and the treasurer that made the difficult and sudden switch last year as smoothly as possible. However, it isn't perfect yet, so I would really like to continue to help and check the finances together with Christian.

Dear friends, I hope I can count on your support and I would love to see all of you in Thessaloniki!

Kind regards,

A handwritten signature in blue ink, appearing to read 'M. van der Pol', with a long, sweeping horizontal stroke extending to the right.

Marit van der Pol.
